Kenan McKenzie

(704) 796-4326 | mckenzie.kenan.90@gmail.com | Concord, NC

Skills

- Javascript, Next, React, Tailwind, Bootstrap, CSS
- Node, Express, MongoDB, MySQL, Apollo, GraphQL
- Git

Certificate

UNCC Full Stack Coding Bootcamp (edX)

Projects

- McKenzie Transport
  - Event, Contact, Financial tracker for my dad's small business.
  - React + Tailwind front end with Node + MongoDB backend.
  - Has auth through bcrypt and jwt. You can use guest@guest.com and Password123! for login, which has pre-populated data.
- Shop-Shop
  - E-commerce site that sorts products by category and uses checkout through Stripe.
- SideFX
  - App I made for my grandfather that fetches and maps medication side effects. Combines and displays results for multiple inputs through pie charts.
- Soles-For-Christ
  - Responsive site I made for a local charity that delivers shoes to El Salvador. Landing page that uses Stripe for checkout.
